

ELECTRICITY TARIFF REVISION FOR THE PERIOD 1 JULY TO 30 SEPTEMBER 2018

Singapore, 29 June 2018 – For the period from 1 July to 30 September 2018, electricity tariffs will increase by an average of 6.9% or 1.50 cents per kWh compared to the previous quarter. The increase is mainly due to the higher cost of natural gas for electricity generation compared to the previous quarter.

For households, the electricity tariff will increase from 22.15 to 23.65 cents per kWh for 1 July to 30 September 2018. The average monthly electricity bill for families living in four-room HDB flats will increase by \$5.61 [see Appendix 3 for the average monthly electricity bill for different household types].

SP Group reviews the electricity tariffs quarterly based on guidelines set by the Energy Market Authority (EMA), the electricity industry regulator. The tariffs given in Appendix 1 have been approved by the EMA.

BREAKDOWN OF ELECTRICITY TARIFF

1. The electricity tariff consists of the following four components:

- a) Energy costs (paid to the generation companies): This component is adjusted quarterly to reflect changes in the cost of power generation.
- b) Network costs (paid to SP PowerAssets): This fee is reviewed annually.
- c) Market Support Services Fee (paid to SP Services): This fee is reviewed annually.
- d) Market Administration and Power System Operation Fee (paid to Energy Market Company and Power System Operator): This fee is reviewed annually to recover the costs of operating the electricity wholesale market and power system.

Q3 2018 TARIFF

**AVERAGE MONTHLY ELECTRICITY BILLS OF DOMESTIC CUSTOMERS
