Recruitment Scam

Singapore, 24 August 2018 – SP Group has been alerted to cases of fraudulent recruiters claiming to be our Human Resource officers. Scammers would contact prospective applicants, conduct interviews over online channels, and thereafter offer them fake jobs at SP Group. To our knowledge, the scammers largely target recipients outside Singapore.

Please be aware of unsolicited contact offering jobs, whether by phone, email or other channels. Verify the source of such communication before revealing personal information or providing consent of any kind.
